- Monitored urine drug screening
- Collaborative treatment planning
- Addiction counselling
- After care programs for relapse prevention
- Naloxone Kits
- Regular medical follow up
- Harm reduction kits

How we can help

Through the Minobimaadizing Addiction Recovery Service, you will receive:

- **Non-judgmental support** for your mental health and substance use struggles.
- **Culturally driven and wholistic approaches** to managing your concerns.
- **Referrals** to other supportive services you may benefit from such as: physiotherapy, occupational therapy, Traditional Health Practitioners, Nurse Practitioner, Mental Health Counselling and Residential Treatment Programs.
- **Treatment planning** and support for you throughout your recovery journey.
- **Prompt attention** to your recovery needs

Are you or someone you know ...

- Struggling with substance use, mental health and wellness?
- Looking for culturally-driven treatment options for marijuana, alcohol, opioid, or stimulant use?
- Are 18 or older and want immediate help with a wholistic approach to treatment?
